

Welcome to HENRYS

The warm season is coming!

And even at this time of year you have come to the right place. Here, honest, artisanal gastronomy is lived and cultivated every day.

The kitchen team prepares the dishes fresh for you every day and loves manual cooking. With new dishes and tried-and-tested dishes, we would like to bring you closer to the local cuisine of our employees. Whether from Ukraine, Slovenia, Bosnia or Portugal - here and there you will find tastes from these countries again - reinterpreted with us.

And of course, vegetarians and vegans will get a taste for it with us.

The service team will round off your stay with selected drinks as well as attentive and professional service!

A NOTE ON OUR OWN BEHALF:

You can find the desserts and drinks in our "small" menu, which is on your table.
