

Welcome to HENRYS

We are expecting the cold season...

And even at this time of year you have come to the right place.

Honest, artisanal gastronomy
lived and cared for every day.

The kitchen team prepares the dishes fresh for you every day and loves manual cooking. With new dishes and tried and tested, we would like to bring you closer to the local cuisine of our employees. Whether from Ukraine, Slovenia, Bosnia, Italy or Portugal - here and there you will find tastes from these countries - interpreted in our own way.

And of course, vegetarians and vegans will get a taste for it with us.

The service team will round off your stay with selected drinks as well as attentive and professional service!

A NOTE ON OUR OWN BEHALF:

You can find the desserts and drinks in our "small" menu, which is on your table.

We also have recommendations from the kitchen and the bar from time to time. Feel free to talk to us if we forget .
